**Honorable Utah Supreme Court Chief Justice Matthew B. Durrant & fellow Supreme Court members: PROOFS**

**Honorable US District Judge Clark Waddoups & U.S. Attorney John W. Huber:**

I was at your courthouse today to deliver proofs of crimes against our Constitution and its citizens. Your staff stamped the notarized the 7 page document - but this time would not accept it, unless associated with a case file number. Which I don't have and because of my extreme poverty I can't afford an attorney or filing fees at this time.

The nature of my documents is of utmost importance to your office & the other judges & U.S. Attorney John W. Huber's office as well as the whole nation subjected to constitutional violations of equality.

I have given this information to you, Judge Nuffer, Judge Shelby & John W. Huber's office last year.

I include some of that documentation in this attempt to have your support for justice & due process for the proof of corporate shareholder bribery case against Zion's Bank, The proof of equality violation (in the form of a survey for each of you judges to state what is true) caused by the Controlled Substance Acts" giving power of a public office to private business venture / Violating Citizen Equality Under Law: Meaning the drug monopoly survey is the evidence & grounds for acquittal for defendants & those convicted of Drug Law crimes. (this clearly would not excuse other crimes associated with drug offenders criminal charges: IRS offences, money laundering, racketeering, etc)

But clearly citizen rights of Discovery are being violated since the drug law survey has been in your possession along with Judge Shelby, Judge Waddoups & DOJ U.S. Attorney John W. Huber.

All documented as received either in person or by fax or both.

And finally the proof, that was never asked for or admitted as supporting evidence to a clear mistake, gross misconduct by our US Supreme Courts through Justice Blackmun & the rest of that court body:

Courts never asked for or included a diligent request for current expert science Consensus Of Beliefs in the form of a survey and sworn affidavit on when life begins for higher life forms.

The survey is written perfectly in line with science method and is ready for experts to state what is the legal definition of beginning of life. Roe vs. Wade is based on a non-scientific false belief/ a lie.

As you can see, My work is based on logic, facts on hand & a understanding of the spirit of our Constitution for the United States of America.

My behavior research, ( I do not possess college or doctorate degrees) is accurate & has been examined by many experts. They like the legal system have chosen not to answer my survey proofs of current reality or status quo.

The point is: Here is strong evidence and grounds that must be addressed by your court or you having knowledge do commit obstruction of justice. These are strong words, but truth.

Which I hold dear as my oath to defend our Constitution as I am sure you & your fellow officers of the court do. We know how difficult it is to address these proofs before you all.

Because of instinctual logic. But you must do your duty to ensure due process for the proofs before you in these and other documents.

May God bless you, the court and our nation. With liberty and justice for all.

I am under Constitutional Oath like you- Honorable Discharge US Army 1973.

Sincerely, Jonathan L. Peterson

A lawmaker intends to do away with a common method of abortions in Utah, though his efforts may be unconstitutional.

SALT LAKE CITY - A lawmaker intends to do away with a "common" method of abortion in Utah though his efforts may be unconstitutional.

Rep. Curt Oda, R-Clearfield, introduced HB442, which would prevent dismemberment abortion - which includes dilation and evacuation, suction and curettage or suction aspiration procedures. It also aims to charge physicians who perform the abortion with a third-degree felony, unless the procedure is performed in a medical emergency, the bill states.

Logic & means to prove Roe vs. Wade is unconstitutional.  
Based on the fact that it uses false-science logic in a science based court decision.  
Justice Blackmun - could have asked experts nationwide using a science method survey.  
He did not do what is required - get the facts before rendering a verdict.  
Why not?  
He knew what science experts would have to say.

**Honorable US District Judge Clark Waddoups & U.S. Attorney John W. Huber:**

I was at your courthouse today to deliver proofs of crimes against our Constitution and its citizens. Your staff stamped the notarized the 7 page document - but this time would not accept it, unless associated with a case file number. Which I don't have and because of my extreme poverty I can't afford an attorney or filing fees at this time.

The nature of my documents is of utmost importance to your office & the other judges & U.S. Attorney John W. Huber's office as well as the whole nation subjected to constitutional violations of equality.

I have given this information to you, Judge Nuffer, Judge Shelby & John W. Huber's office last year.

I include some of that documentation in this attempt to have your support for justice & due process for the proof of corporate shareholder bribery case against Zion's Bank, The proof of equality violation (in the form of a survey for each of you judges to state what is true) caused by the Controlled Substance Acts" giving power of a public office to private business venture / Violating Citizen Equality Under Law: Meaning the drug monopoly survey is the evidence & grounds for acquittal for defendants & those convicted of Drug Law crimes. (this clearly would not excuse other crimes associated with drug offenders criminal charges: IRS offences, money laundering, racketeering , etc)

But clearly citizen rights of Discovery are being violated since the drug law survey has been in your possession along with Judge Shelby, Judge Waddoups & DOJ U.S. Attorney John W. Huber.

All documented as received either in person or by fax or both.

And finally the proof , that was never asked for or admitted as supporting evidence to a clear mistake, gross misconduct by our US Supreme Courts through Justice Blackmun & the rest of that court body:

Courts never asked for or included a diligent request for current expert science Consensus Of Beliefs in the form of a survey and sworn affidavit on when life begins for higher life forms.

The survey is written perfectly in line with science method and is ready for experts to state what is the legal definition of beginning of life. Roe vs. Wade is based on a non=scientific false belief/ a lie.

As you can see, My work is based on logic, facts on hand & a understanding of the spirit of our Constitution for the United States of America.

My behavior research, ( I do not possess college or doctorate degrees) is accurate & has been examined by many experts. They like the legal system have chosen not to answer my survey proofs of current reality or status quo.

The point is: Here is strong evidence and grounds that must be addressed by your court or you having knowledge do commit obstruction of justice. These are strong words , but truth.

Which I hold dear as my oath to defend our Constitution as I am sure you & your fellow officers of the court do. We know how difficult it is to address these proofs before you all.

Because of instinctual logic. But you must do your duty to ensure due process for the proofs before you in these and other documents.

May God bless you, the court and our nation. With liberty and justice for all.

I am under Constitutional Oath like you- Honorable Discharge US Army 1973.

A lawmaker intends to do away with a common method of abortions in Utah, though his efforts may be unconstitutional.

SALT LAKE CITY — A lawmaker intends to do away with a "common" method of abortion in Utah though his efforts may be unconstitutional.

Rep. Curt Oda, R-Clearfield, introduced HB445, which would prevent dismemberment abortion — which includes dilation and evacuation, suction and curettage or suction aspiration procedures. It also aims to charge physicians who perform the abortion with a third-degree felony, unless the procedure is performed in a medical emergency, the bill states.

Logic & means to prove Roe vs. Wade is unconstitutional.

Based on the fact that it uses false-science logic in a science based court decision.

Justice Blackmun - could have asked experts nationwide using a science method survey.

He did not do what is required - get the facts before rendering a verdict.

Why not?

He knew what science experts would have to say.

**Honorable US District Judge Robert Shelby:**

I was at your courthouse today to deliver proofs of crimes against our Constitution and its citizens. Your staff stamped the notarized the 7 page document - but this time would not accept it, unless associated with a case file number. Which I don't have and because of my extreme poverty I can't afford an attorney or filing fees at this time.

The nature of my documents is of upmost importance to your office & the other judges & U.S. Attorney John W. Huber's office as well as the whole nation subjected to constitutional violations of equality.

I have given this information to you, Judge Nuffer, Judge Waddoups & John W. Huber's office last year. I include some of that documentation in this attempt to have your support for justice & due process for the proof of corporate shareholder bribery case against Zion's Bank, The proof of equality violation (in the form of a survey for each of you judges to state what is true) caused by the Controlled Substance Acts" giving power of a public office to private business venture / Violating Citizen Equality Under Law: Meaning the drug monopoly survey is the evidence & grounds for acquittal for defendants & those convicted of Drug Law crimes. (this clearly would not excuse other crimes associated with drug offenders criminal charges: IRS offences, money laundering, racketeering , etc)

But clearly citizen rights of Discovery are being violated since the drug law survey has been in your possession along with Judge Shelby, Judge Waddoups & DOJ U.S. Attorney John W. Huber.

All documented as received either in person or by fax or both.

And finally the proof , that was never asked for or admitted as supporting evidence to a clear mistake, gross misconduct by our US Supreme Courts through Justice Blackmun & the rest of that court body:

Courts never asked for or included a diligent request for current expert science Consensus Of Beliefs in the form of a survey and sworn affidavit on when life begins for higher life forms.

The survey is written perfectly in line with science method and is ready for experts to state what is the legal definition of beginning of life. Roe vs. Wade is based on a non=scientific false belief/ a lie.

As you can see, My work is based on logic, facts on hand & a understanding of the spirit of our Constitution for the United States of America.

My behavior research, ( I do not possess college or doctorate degrees) is accurate & has been examined by many experts. They like the legal system have chosen not to answer my survey proofs of current reality or status quo.

The point is: Here is strong evidence and grpunds that must be addressed by your court or you having knowledge do commit obstruction of justice. These are strong words , but truth.

Which I hold dear as my oath to defend our Constitution as I am sure you & your fellow officers of the court do. We know how difficult it is to address these proofs before you all.

Because of instinctual logic. But you must do your duty to ensure due process for the proofs before you in these and other documents.

May God bless you, the court and our nation. With liberty and justice for all.

I am under Constitutional Oath like you- Honorable Discharge US Army 1973.

Sincerely, Jonathan L. Peterson

**SURVEY FOR PUBLIC OFFICIALS & CITIZENS ABOUT BRIBERY.**  
(Attorneys are officers of the court)

I am a public official under oath (Or May Become One) and must have an opinion about the use of money or promises to influence any public official in the discharge of his or her public or legal duties.

I agree that corporate political contributions are not lawful and violate state and federal bribery statutes because of: "corporate mission laws/justification of spending" that protect share holder's funds (from fraud/embezzlement); funds must be spent on profit, potential profit or humanitarian expenditures only. So intent cannot be freedom of speech but seeking influence for profit.....

The U.S. Supreme Court -Under Justice Blackmun, Failed to use Due Diligence in securing science expert consensus before rendering a Science-Based Court Opinion & Decision. This caused violation of Constitutional Rule Over All Law. This is meaning to correct that gross misconduct by our courts so life could be taken outside of Due Process or Medical Necessity.

A lawmaker intends to do away with a common method of abortions in Utah, though his efforts may be unconstitutional.

SALT LAKE CITY — A lawmaker intends to do away with a "common" method of abortion in Utah though his efforts may be unconstitutional.

Rep. Curt Oda, R-Clearfield, introduced HB442, which would prevent dismemberment abortion — which includes dilation and evacuation, suction and curettage or suction aspiration procedures. It also aims to charge physicians who perform the abortion with a third-degree felony unless the procedure is performed in a medical emergency, the bill states.

The only way to end this unlawful law- give science & law proofs it is unconstitutional...FEELINGS DON'T HELP CHANGE THE MIND OF SELFISH, BLINDED PEOPLE WHO DON'T WANT TO CARE FOR OR PAY MONEY FOR OTHER PEOPLES CHILDREN.....*that is the truth.*

Logic & means to prove Roe vs. Wade is unconstitutional.

Based on the fact that it uses false-science logic in a science based court decision.

Justice Blackmun - could have asked experts nationwide using a science method survey.

He did not do what is required - get the facts before rendering a verdict.

Why not?

He knew what science experts would have to say.
