MARCH 10, 2017

To: All Law Enforcement with Jurisdiction over Utah Capitol Buildings location:

I have tried over and over to get UAG Sean Reyes & UAG Assistant, Attorney Daniel Burton to honor their oath and defend unborn right to life with filed Science Survey proof, but they refuse to take any appropriate action. There by directly causing deaths because of inaction with evidence in their hands since Jan. 11, 2016 and many times since.

I then, in good conscience, do make a citizen's arrest of UAG Assistant attorney Daniel Burton , (I can't arrest UAG Reyes (because of his office) or he would be 1st)

under state law : Index - Utah Code Title 77 Utah Code of Criminal Procedure Chapter 7 Arrest, by Whom, and How Made Section 3

By private persons. 77-7-3. By private persons.

A private person may arrest another:

(1) For a public offense committed or attempted in his presence; or

(2) When a felony has been committed and he has reasonable cause to believe the person arrested has committed it.

Daniel Burton, who I can prove in court with documented evidence & with Ben Winslow as a witness, has obstructed justice and conspired with UAG Reyes to deny our unborn the proof/evidence, in their hands to save their lives of 100's of unborn, Since Nov. 14-15, 2016 and before.

Burton said 3 things I can swear to under oath.

1- The Dr. Survey will probably end ROEvsWADE

(said by me to Burton & Winslow while holding large sign)- Burton agreed & said "yes"

2- "The Survey should be used by Reyes." (he said 'yes' & repeated those words after I said them 1st)

3- "I will try to get Mr. Reyes to use the survey." words from his mouth out loud in front of Winslow & me.

Ben Winslow will confirm he heard Daniel Burton say those words or be committing perjury, if under court oath

I am willing to take a polygraph.

I am including the 14 pages filed as MOTION FOR DISCOVERY with US 10th Circuit Court of Appeals as evidence of the obstruction of justice that has and does currently take place.

"I declare under penalty of perjury (under the laws of the United States of America) that the foregoing is true and correct."

MOTION FOR DISCOVERY

NOW COMES a Friend of the court, Jonathan L. Peterson of 3670 S. RedMaple Rd. SLC, UT 84106

TO THE HONORABLE Chief Judge Timothy M. Tymkovich & 10th Circuit Court of Appeals:

-In pursuit of justice for the unborn, currently denied competent legal Representation, I present a science survey for court recognized experts (medical doctors & PhD. Life science experts) for their opinion on this crucial question that is the foundation of Roe vs. Wade or Abortion on demand rights of women to take their life.

I request the courts and other parties subpoena the expert witnesses I have requested and any other qualified experts for their (under legal oath) give opinions so this denied truth of science reality can prevent further taking of human life outside of medical necessity or due process (for rape & incest).

So far, none of the authorities with responsibility to use this new information have asked experts so a court record can confirm science consensus to prevent further unconstitutional loss of life.

Our unborn have a right to ask for expert opinion, by the citizen group who take their very lives, now having knowledge and will not share it with the public, their patients or the court: without subpoena forcing them.

Demand this question be answered and place their answers in the court record to save our unborn lives.

"When Is the Beginning of Life For All (higher) Life Forms: Except Human Beings?"

1- at the starting point of fertilized egg having cell animation.

2- at some later point in time after fertilized egg cell animation is detected.

I request subpoenas for witnesses & their responses: of both Pro-Life & Pro-Choice Experts for the court.

6 stated as Pro-Life doctors & 6 or more Pro-Choice doctors currently performing abortions.
